

MICHAEL PARK SCHOOL AND KINDERGARTEN BOT OPERATIONAL POLICY

FINANCIAL PLANNING & CONDITION

Outcome statement

The school is financially viable, manages risks effectively and resources are targeted to where they make the most difference to outcomes for students.

Scoping

The board of trustees has overall responsibility for the financial management of the school. The principal is the day-to-day manager of the school and responsible for achieving legislative requirements and charter/strategic aims and targets within board policy objectives.

The financial viability of the school must be protected at all times, and every practicable effort is made to eliminate the risk of theft or fraud.

Delegations

The principal, in association with the finance committee, is responsible for recommending an annual operating and capital budget to the board within the timelines specified in the finance committee terms of reference.

The board delegates the day-to-day management of the school's finances and budget to the principal.

The principal is required to ensure robust, clear procedures are in place to safeguard the integrity of financial management.

Expectations and limitations

Budgeting shall not fail to reflect the annual plan, risk financial jeopardy nor fail to show a generally acceptable level of foresight. The budget should:

- reflect the results sought by the board
- reflect the priorities as established by the board
- comply where the board's requirement is for a balanced budget
- demonstrate an appropriate degree of conservatism in all estimates.

The principal must ensure:

- unauthorised debt or liability is not incurred
- generally accepted accounting practices or principles are not violated
- tagged/committed funds are not used for purposes other than those approved
- more funds than have been allocated in the fiscal year are not spent without prior board approval
- all money owed to the school is collected in a timely manner
- timely payment to staff and other creditors is made
- unauthorised property is not sold or purchased

- all relevant government returns are completed on time
- no one person has complete authority over the school's financial transactions
- when making any purchase:
 - of over \$1000, comparative prices are sought
 - of over \$5000, an adequate review of ongoing costs, value and reliability is undertaken
 - of over \$10,000 on a single item, board approval is first sought
- effective systems are in place to meet the requirements of the payroll system
- actual and potential conflicts of interest must be declared and managed appropriately.
